About Tyler Robinson Foundation (TRF)

Tyler Robinson Foundation (TRF) helps strengthen families financially and emotionally as they cope with the tragedy of a pediatric cancer diagnosis by providing grants specifically to offset out-of-pocket life expenses. TRF is the nonprofit organization of the GRAMMY Award-winning, multi-platinum selling band Imagine Dragons. TRF meets a critical need in communities across the U.S., Canada, Mexico and Europe. Each year, one in 285 children are diagnosed with cancer. While many pediatric cancer organizations focus on growing awareness and support for families with the physical and emotional toll of a diagnosis, the huge financial hardship cancer treatment places on families is rarely discussed.
